## BENEFITS AT A GLANCE

### EMF Mitigation

Electro Magnetic Force (EMF) inundates our living space. It comes from cellphones, microwave ovens, TV sets, computers and even wrist watches! Medical Science has proven that EMF causes grave imbalances in the physiology and even heats up the brain by 2 degrees Celsius!

The Ultra RAD uses waveforms to propagate orgone/ prana/ chi in order to negate the effects of bad EMF, thereby giving you cool, clean living space. All in a radius of 50 feet!

### Additional Strength

The Amplification Coil in conjunction with Chi Cell Resonator emits life supporting energy that boosts endurance and stamina. You can test this with kinesiological protocols. Run faster, lift heavier. And have mind blowing sex.

### Mood Booster

More chi equals elevated mood levels! Be all you can be! Banish those negative emotions and protect yourselves from the tensions of others.

### Healing

Dr Wilhelm Reich discovered that infusion of chi energy accelerate cellular repair. You can now experience vastly lower incidence of headaches, flu and infection! (Not yet FDA confirmed)

### PSI Awareness

Yogi Practitioners allege that absorbing enough chi / orgone energy stimulates the growth of psi abilities ! Our orgone generators exude overwhelming amounts of chi

### Charisma

High energy people cause an instant gravitation of others. We like being around those who exude vitality!

### Pest Control

Some species do not seem to enjoy the presence of energies emitted by scalar generators. Expect them to pack their bags!

### Business Dominance

You can use your chi resonator to create an ambiance for win-win situations in your board room. People will feel at ease and supremely amiable!

### Radionics

Psionics is the use of orgone powered machines to aid the mind in manifestation and ritual magick. With the Ultra-RAD, you wield more power than a handful of magicians striving to cast a spell. Success is 90.9% a sure shot!
