

The AO 2000 Chi Aqua Optimizer™

Enjoy Living Water
that is enriched with
Polarized Chi Energy

The AO 2000 is a Welz Chi Generator® that is designed specifically to revitalize water into its original state and to super charge this living water with beneficial Chi energy. This means that with the AO 2000 Aqua Optimizer™ you can now get the best of both worlds: Living water that is saturated with life force. This extraordinary new device is the result of the Super-Orgonite® composite material in a new generator of polarized Chi energy that contains also all the necessary elements to put water back into its "sweet tasting" original state.

Living water that is charged with life force stays fresh much longer as a result of significant microbiological changes towards a healthy environment. It has a taste that's excellent, to the point of being addictive. Above all, you can get a powerful feeling of being energized after you drink it. and it gives a better taste to food and drinks and longer freshness. Experience a softer "feel" when you reach into it.

Living water enhances the growth of plants. This is plainly visible: stronger plants, more blossoms, larger and better tasting fruit, and more beautiful flowers. It can save you laundry powder.

Being saturated with life force, it keeps helping the environment even after use.

Living Water is attractive to animals. Especially cats feel attracted to water (or milk) that has been revitalized by means of saturation with life force.

Power supply: AC-DC converter, 12V DC, 100mA or more

You can make living water (water that has been returned to its natural energetic state (revitalized) and saturated with Chi energy) with ease: Simply put a bottle of water of your choice (store bought or filtered) on top of the new AO 2000 (Aqua Optimizer 2000) for a few minutes. Then enjoy.

You can use any container for this purpose. Glass containers are best. The following guidelines for revitalizing water and charging it with Chi energy are approximate. Naturally these times vary depending on the environment in which you optimize the water.

Size of Container	Time to Revitalize	Time to Charge with Chi Energy
1 cup	3 - 5 seconds	3 - 5 minutes
1 quart	10 - 15 seconds	10 - 15 minutes
1 gallon	40 - 60 seconds	30 - 40 minutes

The following applications of the AO 2000 are based on personal experiences of many proud owners of the AO 2000. [Agriculture, house plants and lawn care](#): plants grow faster and they are healthier with living water.

[Children love water](#) that was charged with life force.

You can use living water to improve the office atmosphere and you can offer it to your customers a treat: Put the device next to your water cooler so that [your associates and customers](#) can put their cup on the AO 2000 for a minute before drinking it.

Drink this water during your [fitness training, workout, sports competition and weight loss programs](#): Boost energy, precision, stamina and the attitude it takes to win.
